Presentation to VP village board

THE NEWLY CREATED VILLA Park Skate Park Committee presented the Villa Park Village Board of Trustees with a custom-made skateboard at Monday night's village board meeting honoring the board for its efforts in improving the 2-4-8 Skate Park located at Jefferson Park, near the intersection of Terrace Street and Harvard Avenue. The group, with the help of Superintendent of Parks and Recreation Department Carrie Karl and chairman of the Skate Park Committee Paulina Jimenez, have moved several steps closer to the creation of a new skate park being built near the Iowa Community Center, located at 338 N. Iowa Ave.
